

Western Grove Park Advisory Committee Agenda  
For Meeting on 7-16-14

**This will be our best, and perhaps, our last opportunity to give the Parks Department our recommendations for the design, materials, and lighting for the park. If you are unable to attend, please feel free to send Michael and I any comments or ideas. Here are the items that we will discuss on Wednesday evening:**

1. Park entrances—Grove Street, northeast corner; Western Avenue, southwest corner; Western Avenue, maintenance truck entrance—Design, materials, lighting
2. General question: should the stone that is used throughout be predominately gray or tan? Michael and I said gray.
3. Wrought iron fence—Design and materials
4. Seating/picnic plaza—Design, materials, water feature, outdoor furniture, lighting—**This is a big item with lots of items.**
5. Lighting throughout park—post lamps and bollard/path lights.
6. Driveway—paving
7. ADA compliant wood chip path
8. Human sundial
9. Natural play area
