3.I. A-7018 (A-D) Variance And Special Permit Applications

A-7018 (A-D) Variance and Special Permit Applications: Mr. Joel Price and Ms. Elizabeth Humphrey Price, 106 Primrose Street: Construct: a) Two (2) brick piers measuring eighteen (18) inches in both width and depth, each with a stone cap measuring nineteen (19) inches in width and depth, located along either side of the front walkway. Each pier would have an attached lantern for a maximum total height of six (6) feet when measured from the ground to the top of the lantern; b) the proposed piers would be located both on the private property and in the public right-of-way and would be located a minimum of two (2) inches from the public sidewalk; and c) Install a fence in the Primrose Street public right-of-way, measuring a maximum of four (4) feet in height, extending from each pier running parallel with the front lot line terminating at a point in alignment with the east and west side lot lines of the property. The proposed fence would be located five and one-half (5 1/2) inches from the public sidewalk.

Treasurer's Report
July-June (11 months of FY 2016)

Overall:

This report is an eleven month snapshot for FY 2016. In FY 2016 we project to have a surplus of approximately $426,268, which would be $817,639 better than the deficit we had budgeted. Income tax revenue is projected to be approximately $430,000 more than budgeted. Also, since the approval of the original budget, supplemental appropriations have been made for an increase in the refuse and recycling contract and for additional Village Hall landscaping. However, higher than expected fees, county payments, plus lower than expected expenses in some areas, will offset the new expense from the supplemental appropriations approved for this fiscal year. We received from the State of Maryland a onetime income tax windfall in March of $161,741 due to a State audit of tax returns going back to 2010

Income Tax Revenue:

We are projected to come in approximately $430,000 over budget this year about 19% higher than projected, not including the onetime income tax windfall we received in March. In addition to the one time windfall, the five year state audit revealed a higher tax base for Tax Year 2014 for which the 2016 income tax distributions are based on.

Property Tax Revenue:

We are projecting coming in around budget since we are using the constant yield rate for this fiscal year

Safe Speed Net Revenue:

This is now running approximately 3% under budget for the current year. The last half of FY 2015 saw an increase in Safe Speed revenue from the first half of FY 2015 and so far this trend had continued for the first five months of FY 2016. However, due to construction on Connecticut Ave., this revenue has had a slight decrease since and we may still see a slight decrease going forward for a couple of months.

Miscellaneous Revenue:

Net of reimbursement revenue for Newlands Street repaving, we project this to be over budget by $70,000 due to a higher than expected County tax duplication payment, and higher than expected fees and income. We also received a one-time $55,000 dividend from our share of stock we had in Principal Life, our life insurance company after they demutualized, and were recently bought out bought out by a new company.

Capital Expense:

We added a supplemental appropriation for Village Hall landscaping, we have made a slightly higher contribution to Western Grove Park, we made a small donation to a local elementary school, and we are implementing the Village traffic study. We have also elected not to proceed with the Village wide boundary study. The net effect of these decisions is that we will be about $24,000 over the original budget for the year, net of the reimbursed expense for Newlands Street repaving.

Operating Expense:

We project this will be 4-5%% below budget.

CHEVY CHASE VILLAGE
NOTICE OF PUBLIC HEARING

Please take notice that the Chevy Chase Village Board of Managers will hold a public hearing on the 12th day of September, 2016 at 7:30 p.m. The hearing will be held at the Chevy Chase Village Hall at 5906 Connecticut Avenue in Chevy Chase, Maryland.

APPEAL NUMBER A-7018 (A-D)
MR. JOEL F. PRICE AND MS. ELIZABETH HUMPHREY PRICE
106 PRIMROSE STREET
CHEVY CHASE, MARYLAND 20815

The applicants seek a variance and Special Permit from the Board of Managers pursuant to Sec. 8-9 of the Chevy Chase Village Building Code to construct:

a) Two (2) brick piers measuring eighteen (18) inches in both width and depth, each with a stone cap measuring nineteen inches in width and depth, located along either side of the front walkway. Each pier would have an attached lantern for a maximum height of six (6) feet when measured from the ground to the top of the lantern;
b) The proposed piers would be located both on private property and in the public right-of-way and would be located a minimum of two (2) inches from the public sidewalk; and
c) Install a fence in the Primrose Street public right-of-way, measuring a maximum of four (4) feet in height, extending from each pier running parallel with the front lot line terminating at a point in alignment with the east and west side lot lines of the property. The proposed fence would be located five and one-half (5 ½) inches from the public sidewalk.

The portions of the proposed piers with lanterns that are located on private property that exceed four (4) feet in height and are located closer than three (3) feet to the public sidewalk require a variance pursuant to:

> **Chevy Chase Village Code Sec. 8-21 (a):**
> No person shall install any tree trunk, hedge, shrubbery, fence, wall, lamp post or hand rail on private property within three (3) feet of a public sidewalk, or if there is no public sidewalk in the public right-of-way abutting the private property, within six (6) feet of the curb, or if there is no public sidewalk and no curb, within six (6) feet of the nearest edge of the street or alley.
>
> **Chevy Chase Village Code Sec. 8-21 (e):**
> No person shall construct any fence or wall which exceeds forty-eight (48) inches in height at any location between the front lot line and the front building restriction line.

The portions of the piers which exceed four (4) feet in height that are proposed to be located within the Primrose Street public right-of-way and the piers and fence, which are proposed to be located closer than three (3) feet to the public sidewalk, require a Special Permit pursuant to:

> **Sec. 25-6 (b)(1):**
> No fence, wall or hedge shall exceed 48 inches in height.

Sec. 25-6 (b)(2) :
All fences, lamp posts, trees, hedges, shrubbery and other growth shall be installed at least three (3) feet from the public sidewalk, or if there is no public sidewalk in the public right-of-way abutting the applicant's property, six (6) feet from the curb, or if there is no public sidewalk and no curb, six (6) feet from the nearest edge of the paved edge of the street.

Sec. 25-6 (c):
Except as provided in Sec. 25-6 (b), no structures, fence, wall, lamp post, hand rail, tree, hedge or shrubbery, or any other growth shall be permitted on public property devoted to private use without a Special Permit from the Board of Managers.

Additional information regarding this application may be obtained at the Chevy Chase Village Office between the hours of 9:00 a.m. and 5:00 p.m. Monday through Friday, may be viewed on the Village website at www.chevychasevillagemd.gov or you may contact the office for this information to be mailed to you.

This notice was mailed (and emailed where possible) and to abutting and confronting property owners on the 1st day of September, 2016.

Mr. & Mrs. Joel Price
106 Primrose Street
Chevy Chase, MD 20815

Dear Mr. & Mrs. Price:

Please note that your request for a variance and Special Permit to install the piers, lanterns and fencing at your property and in the Primrose Street public right-of-way abutting it are scheduled before the Board of Managers on Monday, September 12, 2016 at 7:30 p.m.

Either you or another representative must be in attendance to present your case. At that time, additional documents may be introduced and testimony can be provided in support of the request.

For your convenience, enclosed please find copies of the Public Hearing Notice and mailing list. Please contact the Village office in advance if you are unable to attend.

Sincerely,

Ellen Sands

Chevy Chase Village

Application for a Variance

A variance is permission granted by the Board of Managers pursuant to, and subject to, the conditions of Sec. 8-9(c) of Chapter 8 to construct, install, remove or alter a structure or planting, or take any other action that does not otherwise meet the requirements of the Chapter. Except as provided in Sec. 8-11 a variance can be granted only by the Board of Managers.

Subject Property:	106 PRIMROSE STREET, CHEVY CHASE, MD 20815-3325
Describe the Proposed Project:	REPLACE FRONT YARD HEDGES WITH TWO BRICK POSTS WITH ELECTRIC LANTERNS AND 4 FOOT BLACK METAL FENCE (WROUGHT IRON OR ALUMINUM).
Applicant Name(s) (List all property owners):	JOEL & ELIZABETH PRICE
Daytime telephone:	301-656-1867 Cell: 301-518-0113
E-mail:	price'f@aol.com
Address (if different from property address):	
For Village staff use: Date this form received:	6/30/16 Variance No: A-7018

Filing Requirements:

Applications will be reviewed for satisfaction of all requirements and are not considered complete until approved as such by staff.

- ☑ Completed *Chevy Chase Village Application for a Variance* (this form)
- ☑ Completed *Chevy Chase Village Building Permit Application*
- ☑ Completed *Chevy Chase Village Website Posting Notice*
- ☑ A boundary survey or plat diagram with a margin of error of one tenth of a foot or less showing all existing structures, projections and impervious surfaces.
- ☑ Surveys, plats, engineering reports, construction plans/specifications or other accurate drawings showing boundaries, dimensions, and area of the property, as well as the location and dimensions of all structures/fences/walls/etc., existing and proposed to be erected, and the distances of such structures/fences/walls/etc., from the nearest property lines. These drawings shall incorporate and display reference dimensions from the boundary survey or plat diagram required above.
- ☐ Copy of Covenants applicable to the property except for variances from Secs. 8-21 or 8-26 of Chapter 8 (Building Regulations) or Chapter 25 (Public Rights-of-Way) of the Chevy Chase Village Code. Y/N
- ☑ Variance fee (See fee schedule listed in Chapter 6 of the Village Code).

Affidavit

I hereby certify that I have the authority to submit the foregoing application, that all owners of the property have signed below, that I have read and understand all requirements and that I or an authorized representative will appear at the scheduled public hearing in this matter. I hereby authorize the Village Manager, or the Manager's designee, and/or the Board of Managers to enter onto the subject property for the purposes of assessing the site in relation to this variance request. I hereby declare and affirm, under penalty of perjury, that all matters and facts set forth in the foregoing application are true and correct to the best of my knowledge, information and belief.

Applicant's Signature: _____ Date: 6/30/16

Applicant's Signature: Elizabeth H. Price Date: 06/30/16

Describe the basis for the variance request (Applicants should become familiar with the pertinent sections of the Village Code. Attach additional pages as needed):

Describe the special conditions of the property (e.g., odd shape, small size, sloping topography, abuts state highway, etc.) and how the property compares to other properties in the Village:

(PLEASE REFERENCE ATTACHMENTS)

Describe how enforcement of the building regulations would result in an unwarranted hardship and injustice because of the special condition(s) described above (i.e., describe (i) the unwarranted hardship and injustice that you claim exists and (ii) how the special conditions cause that unwarranted hardship and injustice):

(PLEASE REFERENCE ATTACHMENTS)

Describe how the proposed variance most nearly accomplishes the intent and purpose of the requirements of Chapter 8 of the Chevy Chase Village Code, entitled *Buildings and Building Regulations*:

(PLEASE REFERENCE ATTACHMENTS)

In exercising its powers in connection with a variance request, the Chevy Chase Village Board of Managers may reverse or affirm, wholly or partly, or may modify the requirement, decision or determination as it deems appropriate.

Variance Filing Fee	**Checks Payable To:** **Chevy Chase Village 5906 Connecticut Ave. Chevy Chase, MD 20815**
Per Village Code Sec. 6-2(a)(24): ☐ $300.00 for new construction. ☐ $150.00 for replacing existing non-conformities. ☑ $300.00 for fences, walls, play equipment, trees, hedges, shrubbery in the public right-of-way. ☐ Other: $_____ **Fee Paid:** $300.00 Check #134	**Date Paid:** 6/30/16 **Staff Signature:** Ellen Sands

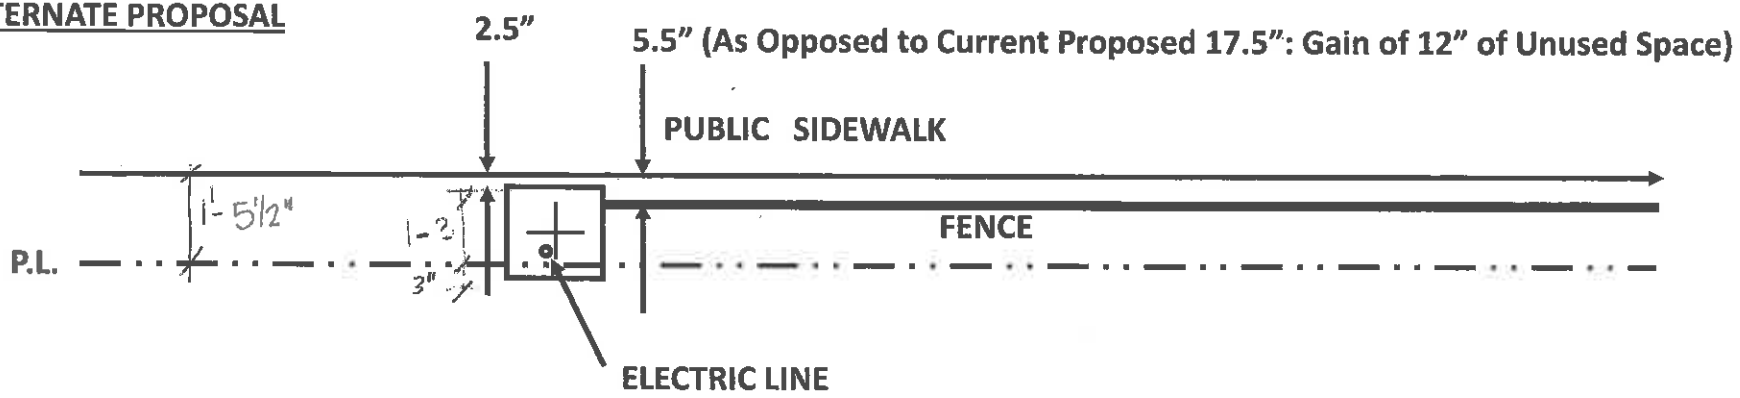
ALTERNATE PROPOSAL



Chevy Chase Village

Application for a Variance

106 Primrose Street

Joel & Elizabeth Price

Attachments

Describe the basis for the variance request

Describe the special conditions of the property (e.g., odd shape, small size, sloping topography, abuts state highway, etc.) and how the property compares to other properties in the Village:

A) *Similar to immediate neighbors on the same and nearby blocks, as well as other homes in the Chevy Chase Village (reference pictures attached), our request is for a variance to permit the new matching two brick posts, located at the end of the replaced front yard stone walkway, and the straight two part extending, 4 foot tall, black wrought iron fence be located adjacent to the public sidewalk – as opposed to meeting the minimum 3 feet installation requirement from the public sidewalk in Sec. 8-21 of the Village Code.*

B) *In addition, similar to other homes in the Chevy Chase Village with electric lanterns, our request is for a variance to permit that those two electric lanterns on top of those same brick end posts at the end of the stone walkway to be taller than the 4 foot posts and fence (assume maximum of '6 feet) – as opposed to meeting the maximum 4 feet height requirement of the front building restriction line in the Sec. 8-21 of the Village Code.*

Describe how enforcement of the building regulations would result in an unwarranted hardship and injustice because of special condition(s) described above (i.e., describe (i) the unwarranted hardship and injustice that you claim exists and (ii) how the special conditions cause the unwarranted hardship and injustice):

A) *The home's current front yard is currently very shallow (less than 25 feet from front of house to public sidewalk), and even less to public right-of-way, if considering the 3 feet minimum distance requirement. The enforcement of the building regulations would unnecessarily minimize the useful front yard space. Numerous other homes in the Chevy Chase Village also do not abide by the same building regulation (reference pictures attached) without concern to pedestrians using the public sidewalk. Furthermore, the current wide hedge rows to be replaced by the two posts and fence are currently adjacent to the public sidewalk, so there is no new perceived loss of space for pedestrians whatsoever. Finally, the 3 feet of space between the new proposed posts and fence would not be usable, and only a narrow strip that would need to be maintained – even though without a real purpose. Note that region is within the home owners private property line.*

2/3?

B) *Given the 4 foot fence height, the two brick end posts would need to be the same or slightly above for proper attachment – any electric lantern on the top of that would need to be taller*

than the 4 feet posts/fence heights. The lighting is important for the safety of all people walking on the front stone curved walkway between the home's front door, public sidewalk and roadside curb. There is also a very large Chevy Chase Village owned tree with tremendous foliage covering that area that does not permit in other street lamp lighting, making it especially dark at night. Other homes in the Chevy Chase Village utilize electric lanterns either on brick or stone posts and lamp posts close to the public sidewalk for the same purpose (reference pictures attached).

Describe how the proposed variance most nearly accomplishes the intent and purpose of the requirements of the Chapter 8 of the Chevy Chase Village Code, entitled *Buildings and Building Regulations*:

A) *The proposed front yard walkway, two brick end posts and fence will enhance the character of the property. The brick/stone end posts will match the brick/stone of the main home. The granite end cap of the posts will match both the replaced granite curved front walkway and the home main structure that is old style brick with random granite stones interspersed. The new posts and ~~fence~~ wrought iron fence will not block any vistas at all, especially as compared to the current hedge rows, and only enhance the view of the home and general air circulation. The placement of the fence adjacent to the public sidewalk will actually increase the green space in the home's front yard without any loss of current space – since the current hedge rows limit any use of that space to the sidewalk. There is also no negative effect upon any neighbors or pedestrians on the public sidewalk.*

B) *The electric lanterns on top of the end posts will be selected to match the tudor style of the home and its current front porch lantern and enhance the home's character. Low brightness lighting will be selected, but any additional light in that region only adds to people's safety at night in the use of the home's front walkway and public sidewalk.*

Description of Fence or Wall Project: (REFER TO PICTURES)

TWO MATCHING MIXED BRICK/GRANITE POSTS AT END OF REPLACED WALKWAY WITH TUDOR STYLE ELECTRIC LANTERNS. WROUGHT IRON OR ALUMINUM 4 FOOT TALL BLACK FENCE WILL EXTEND STRAIGHT OUT IN BOTH OPPOSITE DIRECTIONS — TOTAL DISTANCE EXPANDED IS 70 FEET. CURRENTLY, THERE ARE HEDGES TO BE REMOVED IN ADVANCE OF FENCE INSTALLATION.

Check appropriate box:

☑ Fence or wall to be constructed is: (1) new, (2) an enlargement of an existing fence or wall, or (3) replacing an existing fence or wall with one of a different kind.

☐ Fence or wall to be constructed is replacing an existing fence or wall with the same kind and in the same location.

Parking Compliance:

Is adequate on-site parking available for the construction crews? ☑ Yes ☐ No

If no, please attach a parking plan which minimizes inconvenience to neighboring residents, and indicate if the property is in a permit parking area.

Will road closings be required due to deliveries, equipment or other reasons? ☐ Yes ☑ No

To be completed by Village staff:

Is this property within the historic district? Yes ☐ No ☒ Staff Initials: GB

Date application filed with Village: 6/30/16 Date permit issued: _____ Expiration date: _____

Guidelines for
Building, Replacing and Maintaining Fences and Walls

Sec. 8-21 of the Village Code regulates fences and walls. To repair or maintain an existing fence or wall, the Village does not require a building permit. To install or replace a fence or wall, however, residents will need a Village building permit. (A building permit may also be required from Montgomery County, including the Historic Preservation Commission, if the property is within the Historic District). Village Code allows fences and walls to be installed on a resident's property lines, inside the property lines on private property, and sometimes in the public right-of-way.

When placed on the property lines or on private property, the Village Code regulates fence and wall heights in two ways:

1. Fences and walls installed on private property anywhere between the property line and the front building restriction line may not exceed four (4) feet in height. ? WHAT ABOUT ELECTRIC LIGHT HEIGHT ABOVE POSTS ?
2. Fences and walls installed to the rear of the front building restriction line (that is, along the side and rear property lines or in the side and rear yards) may not exceed six and one-half (6 ½) feet in height.

When measuring the height of a fence or wall, the Village Code provides that the "measurement shall be made from the surface of the ground of the lower yard next to the fence or wall" **to the highest point of the fence or wall** (such as the top of the posts, caps, decorative lattice, finials, etc.). For example, if a fence post is 6 ½ feet high, then a cap on that post would exceed the height limit.

Walls can sometimes change the flow of water on a property. In such cases, residents or contractors will need to include a drainage plan with the building application.

When installing a fence or wall in the Village's public right-of-way, in addition to obtaining a Village Building Permit, residents must sign a **License to Use the Public Right-of-Way**, which may be recorded with your deed (please contact the Village office for more information). Fences and walls installed in the Village's rights-of-way may not exceed four (4) feet in height.

Fences and walls must be installed at least three (3) feet from the public sidewalk, or where there is no sidewalk, at least six (6) feet from the curb or nearest edge of the street or alley.

Special height limits apply to fences near an intersection on corner lots. The Village office will not be issue permits for any fences or walls that block necessary sight lines at intersections or otherwise create a dangerous condition.

For complete Village Code requirements, please see Chapters 8 & 25.

Building Permit Application for Fences and/or Walls: Filing Requirements

Application will not be reviewed until the application is complete

- ☐ Copy of stamped drawings approved by Montgomery County Department of Permitting Services (DPS) and the Historic Preservation Commission (HPC), if required. Every page of drawings must be clearly stamped.
- ☐ This application form, signed by resident.
- ☐ Boundary Survey
- ☐ Site Plan (see: Village Site Plan Checklist to ensure completeness)
- ☐ Building plans and specifications
- ☐ Tree Preservation Plan requested of Village arborist (see: Village Tree Inspection Request form). All required tree protections must be fully installed before any work begins.
- ☐ Filing Fee (due at time of application).
- ☐ Damage deposit or performance bond (due when permit is issued). Amount will be set by Village Manager.

Once this permit application is complete, the Village Manager will review the application and accompanying documents and, under most circumstances, act on the application within 5 to 10 working days.

If the Montgomery County permit is suspended, revoked or lapsed, the Village permit is automatically suspended, revoked or lapsed.

No signs advertising any service provider may be posted on the work site.

I hereby certify that I have the authority to make the foregoing application, that the application is correct, that I have read and understood all requirements and that the construction will conform to the regulations of the Montgomery County Zoning Code, the Village Code including Urban Forest code, and any covenants and easements on the subject property.

CHEVY CHASE VILLAGE
NOTICE OF PUBLIC HEARING

Please take notice that the Chevy Chase Village Board of Managers will hold a public hearing on the 12th day of September 2016 at 7:30 p.m. The hearing will be held at the Chevy Chase Village Hall at 5906 Connecticut Avenue in Chevy Chase, Maryland.

APPEAL NUMBER A-7023
JOHN J. CAMPANELLA & KATHLEEN M. CAMPANELLA
5910 CEDAR PARKWAY
CHEVY CHASE, MARYLAND 20815

The applicants seek a variance from the Board of Managers pursuant to Sec. 8-10 of the Chevy Chase Village Building Code to relocate and construct front steps which would encroach a maximum of six feet, ten and three-eighths inches (6'-10⅜") forward of the twenty-five (25) foot front (Cedar Parkway) building restriction line. This is the same variance request that was considered and approved by the Board at the May, 2014 Board meeting. The previous variance has expired.

The Chevy Chase Village Code Sec. 8-16 (c) states:

> No structure of any description shall be erected within twenty-five (25) feet of the front lot line of any lot.

Additional information regarding this application may be obtained at the Chevy Chase Village Office between the hours of 9:00 a.m. and 5:00 p.m. Monday through Friday, may be viewed on the Village website at www.chevychasevillagemd.gov or you may contact the office for this information to be mailed to you.

This notice was mailed and emailed (where possible) to abutting and confronting property owners on the 1st day of September, 2016.

Sands, Ellen

From: Kathy Campanella <kcampanella@verizon.net>
Sent: Tuesday, August 30, 2016 11:38 PM
To: CCV Permitting
Subject: 5910 Cedar Parkway

Dear Ellen,

I wanted to explain to the Board why we need an extension for our front step relocation. We had to get the CCV variance before HPC would even review our application. So, that ate up several months of time, and then we had to get all the County building permits. So, the clock was ticking before we could even be issued the CCV Building Permit.

Also, the renovation work has taken longer than expected. It has been ongoing for about a year and eight months so far. We anticipate wrapping up all the interior work this month. We will then install the exterior front stairs, hardscaping and landscaping over the next year.

Thank you for your patience.

Best, Kathy

May 12, 2014 Board Meeting

CHEVY CHASE VILLAGE
BOARD OF MANAGERS
MAY 12, 2014 MEETING

STAFF INFORMATION REPORT

TO: BOARD OF MANAGERS

FROM: ELLEN SANDS, PERMITTING AND CODE ENFORCEMENT COORDINATOR

DATE: 5/8/2014

SUBJECT: HEARING OF CASE NO. A-6532 VARIANCE REQUEST
MS. KATHLEEN CAMPANELLA & MR. JOHN CAMPANELLA; 5910 CEDAR PARKWAY
RELOCATE AND CONSTRUCT FRONT STEPS WHICH WOULD ENCROACH A MAXIMUM OF SIX FEET, TEN AND THREE-EIGHTHS INCHES (4'-10⅜") FORWARD OF THE TWENTY-FIVE (25) FOOT FRONT (CEDAR PARKWAY) BUILDING RESTRICTION LINE. **THE REQUESTED ENCROACHMENT HAS BEEN REVISED FROM THE ORIGINAL NOTICE- SEE BELOW.**

Case Synopsis: NOTE: The Applicants have reduced the requested encroachment three (3) feet from the initial notice. They are proposing to relocate the front steps of the house, which as proposed would encroach forward of the twenty-five (25) foot front BRL. They assert that they are restoring the steps to the original location, as depicted on historical records of the property, which is located in the Chevy Chase Village Historic District. A portion of the relocated steps would encroach forward of the front (Cedar Parkway) twenty-five (25) foot BRL. Because the grade at the property is highest at the location of the proposed steps, that location is most amenable to use of a temporary ramp that is used when a wheelchair-bound parent visits.

NOTICE REQUIREMENTS: Abutting Owners; Public Notice

APPLICABLE CHEVY CHASE BUILDING REGULATION:

The Chevy Chase Village Code Sec. 8-16 (c) states:
No structure or play equipment of any description shall be erected within twenty-five (25) feet of the front line of any lot.

APPLICABLE COVENANTS:

"That no structure of any description shall be erected within twenty-five (25) feet of the front line of said premises; and that no stable, carriage-house, shed, or outbuilding shall be erected except on the rear of said premises."

FACTUAL AND BACKGROUND INFORMATION:

The Applicants initially requested an encroachment of six feet, ten and three-eighths inches (6'-10⅜") forward of the front BRL. That proposal included a landing at the midpoint of the steps. They have since revised and reduced the request, eliminating the landing. The requested encroachment is now three feet, ten and three-eighths inches (3'-10⅜")

The front property line parallels Cedar Parkway, which runs at an angle to the front of the house, so that the south portion of the house is much closer to the front BRL than the north part of the house.

The Applicants do not have a measurement for the encroachment of the previous steps that were original to the house, and that encroached forward of the front BRL, however the proposed encroachment is intended to be similar to that of the original. The Applicants engaged a firm specializing in architectural history to research the property.

Figure 1: View of 5910 Cedar Parkway looking west. The proposed relocated steps would project forward of the front BRL, towards the street, in the first bay of the porch (see yellow arrow).

There have been similar requests, most recently in February of 2012 at 11 Primrose Street, wherein Applicants have requested a variance to relocate front steps to the center of the porch. As in this case those Applicants were able to document that the steps were originally constructed in the proposed location and that the proposed encroachments would be similar to the original encroachment.

The proposed encroachment is compliant with Montgomery County zoning regulations[1].

The Applicants are also undertaking an addition to the rear of the existing house and also intend to install a fence at the property. They are currently seeking approval from the Historic Preservation Commission (HPC) for all proposed work.

The Applicants signed a consent agreement through the Tree Ordinance Board last year for removal of a Holly tree in the rear yard. They have also removed several trees over the last year, all approved for removal by the Village arborist. The Village arborist has assessed the property. Construction of the addition and relocated steps can be accommodated through a Tree Protection Plan and no additional trees are proposed for removal due to the construction.

[1] **Sec. 59-B-3.1 Steps, terraces and porches.**
Open steps and stoops, exterior stairways, terraces and porches may extend into any minimum front or rear yard not more than 9 feet.

To date there have been no letters received from abutting neighbors in support of or opposition to the request.

Applicable Fees: Building Permit Application: TBD; Variance Application Fee: $300.

RELEVANT PRECEDENTS

There are many cases of the Board granting requests for variances to construct or re-construct, despite front covenant setback encroachments, uncovered front stoops and treads at a property when they have been in generally the same location as previously and are "the minimum required to get from grade to the first floor of the house". In 1999 Dr. Robert Kyle and Ms. Kathryn Fulton of 4 East Irving Street were **granted a variance to reconstruct** a porch and front steps that encroach forward of the front BRL. An original front porch and steps had been destroyed years earlier and the Applicants proposed to reconstruct the porch and steps. Similarly to this case, the property is located in the CCV Historic District, the Applicants were able to demonstrate that a porch and steps had existed at the property previously and were proposing a similar encroachment. A difference in that case was that the wording of covenants did not prohibit all structures from being located forward of the front BRL, but "any stable, carriage houses or shed". In May 2005 Mr. & Mrs. Justin Bausch of 12 East Lenox Street were **granted a variance to extend** the uncovered steps leading to the front porch. In the Bausch case the covenants, like at 4 East Irving Street, were worded to prohibit "any stable, carriage houses or shed" forward of the twenty-five (25) foot front building restriction line, rather than the more standard language prohibiting "structure[s] of any description" forward of that setback. More relevant to this application, therefore, in February of 2012, Mr. & Mrs. Andrew Marino, of 11 Primrose Street, were **granted a variance to relocate and construct** non-conforming uncovered front steps, leading to a covered porch, both of which were forward of the twenty-five (25) foot front building restriction and covenant setback line. The proposed steps in that case would encroach twelve feet, eight inches (12'-8") forward of the twenty-five (25) foot front setback line, an additional ten (10) inches beyond the existing steps. In May of 2012 Dr. & Mrs. Charles Bahn of 118 Hesketh Street were **granted a variance to reconstruct** the uncovered front steps from the front walkway to the front porch, adding one tread, a portion of which would be located forward of the twenty-five (25) foot front building restriction and covenant setback line. In June of

2012, Dr. & Mrs. Jeffrey Shuren **were granted a variance to reconstruct** uncovered steps that would extend an additional one foot, one inch (1'-1") beyond the existing steps for a maximum encroachment of six feet, eight inches (6'- 8") forward of the twenty-five (25) foot front building restriction line. On December 10, 2012 the Chevy Chase Village Board of Managers considered the request of Mr. & Mrs. Steven Sprenger of 5501 Park Street for a variance to construct uncovered treads leading to a front stoop in the front (Park Street) yard which would encroach forward of the front building restriction line. **A motion to approve the request for a variance failed; therefore, construction of the proposed treads was denied** per the Village Manager's decision dated October 25, 2012. In that case there had not previously existed an encroachment forward of the front BRL and covenant setback line at the property nor was there an established encroachment throughout the rest of that block of Park Street. In March 2013, Mr. & Mrs. Alex Sternhell of 27 Primrose Street were **granted a variance to reconfigure** a pair of existing (uncovered) front steps that would encroach forward of the twenty-five (25) foot front building restriction line. In November of 2013 Mr. Sean F. X. Boland of 4 East Lenox Street was **granted a variance to reconstruct** a front stoop and treads as well as a portico over the proposed stoop. In that case there was no covenant conflict and the majority of the properties on the subject block of East Lenox Street also had encroachments forward of the twenty five (25) foot front BRL.

FINDINGS REQUIRED:

1. The proposed variance is required because special conditions exist whereby the enforcement of the requirements of the Village Building Code would result in an unwarranted hardship and injustice to the owner.
2. The proposed variance will most nearly accomplish the intent and purpose of the requirements of the Village Building Code; and
3. Except for variances from the requirements of Sections 8-21 [fences], 8-26 [driveways] or Chapter 25 [public rights-of-way] of the Village Regulations, the structure authorized by the proposed variance would not violate any covenant applicable to the property.

Draft Motion

I move to APPROVE/DENY the variance request in Case A-6532 on the basis that the evidence presented, including the Staff Report, demonstrates that the applicable requirements for approval of the variance HAVE/HAVE NOT been met. Staff is directed to draft a decision based on this evidence, including findings of fact and conclusions, APPROVING/DENYING the variance request.

CHEVY CHASE VILLAGE
NOTICE OF PUBLIC HEARING

Please take notice that the Chevy Chase Village Board of Managers will hold a public hearing on the 12th day of May, 2014 at 7:30 p.m. The hearing will be held at the Chevy Chase Village Hall at 5906 Connecticut Avenue in Chevy Chase, Maryland.

APPEAL NUMBER A-6532
MR. JOHN J. CAMPANELLA &
MS. KATHLEEN M. CAMPANELLA
5910 CEDAR PARKWAY
CHEVY CHASE, MARYLAND 20815

The applicants seek a variance from the Board of Managers pursuant to Sec. 8-9 of the Chevy Chase Village Building Code to relocate and construct front steps which would encroach a maximum of six feet, ten and three-eighths inches (6'-10⅜") forward of the twenty-five (25) foot front (Cedar Parkway) building restriction line.

The Chevy Chase Village Code Sec. 8-16 (c) states:

> No structure of any description shall be erected within twenty-five (25) feet of the front lot line of any lot.

Additional information regarding this case may be obtained at the Chevy Chase Village Office between the hours of 9:00 a.m. and 5:00 p.m. Monday through Friday, may be viewed on the Village website at www.chevychasevillagemd.gov or you may contact the office for this information to be mailed to you.

This notice was mailed and emailed (where possible) to abutting and confronting property owners on the 1st day of May, 2014.

Address (if different from property address):	
For Village staff use: **Date this form received:** 4/14/14	Variance No: A-6532

Filing Requirements:

Application will not be accepted or reviewed until the application is complete

- ☒ Completed *Chevy Chase Village Application for a Variance* (this form)
- ☒ Completed *Chevy Chase Village Building Permit Application*
- ☒ A boundary survey or plat diagram with a margin of error of one tenth of a foot or less showing all existing structures, projections and impervious surfaces.
- ☒ Surveys, plats, engineering reports, construction plans/specifications or other accurate drawings showing boundaries, dimensions, and area of the property, as well as the location and dimensions of all structures/fences/walls/etc., existing and proposed to be erected, and the distances of such structures/fences/walls/etc., from the nearest property lines. These drawings shall incorporate and display reference dimensions from the boundary survey or plat diagram required above.
- ☒ Copy of Covenants applicable to the property except for variances from Sections 8-22, 8-26 or Article IV of Chapter 8 of the Chevy Chase Village Code.
- ☒ Variance fee (See fee schedule listed in Chapter 6 of the Village Code).

Affidavit

I hereby certify that I have the authority to submit the foregoing application, that all owners of the property have signed below, that I have read and understand all requirements and that I or an authorized representative will appear at the scheduled public hearing in this matter. I hereby authorize the Village Manager, or the Manager's designee, and/or the Board of Managers to enter onto the subject property for the purposes of assessing the site in relation to this variance request. I hereby declare and affirm, under penalty of perjury, that all matters and facts set forth in the foregoing application are true and correct to the best of my knowledge, information and belief.

Applicant's Signature: _____ Date: 4/9/14

6

Describe the basis for the variance request (attach additional pages as needed).

The home is located at the intersection of Kirke Street and Cedar Parkway in Section 2 of Chevy Chase Village. The property's sloping topography is highest in the front yard and lowest in the back where the lot abuts the Chevy Chase Club. This contributing resource in the historic district was built in 1909 as a turn of the century summer house. The 1927 Sanborn map shows the simple footprint of the original home which Traceries, DC defined as "informal Colonial Revival." It originally had 1/1 windows, with a front facade featuring an open wrap-around front porch, a side doorway facing south, and a prominent front entry stairway. The front facade was altered in 1930 when the left wrapped portion of the porch was enclosed to create a formal style Colonial Revival entry. **Sometime after 1975, the front porch stairway was removed and replaced with a section of railing. A side porch stair was then added as the main entrance for the home. Traceries recommends removing the side stairs completely and relocating the front stairs to their original location.** *(See attached Traceries summary.)*

Describe how enforcement of the building regulations would result in an unwarranted hardship and

Another important reason for relocating the porch stairs to the original front left bay is because this location allows handicap access at the highest elevation on our lot. So, on the occassions when we need the handicap ramp, it can be used at a comfortable rise and run and it will not exit into the driveway. This location would also allow us to purchase a more affordable portable ramp without handrails.* The smallest distance from the ground to an entrance on our lot is a 31.5" rise at the site of original front stairs; a 36" rise at the side porch; a 65" rise at the side entrance; and an 81" rise at the rear entrance.

**Montgomery County requires handrails for public ramps with a rise of 30" or more. Residential properties are not bound by these regulations but, due to safety concerns, most residents follow similar guideleines. At the front of our porch (31" rise) we could use a simple straight light-weight portable ramp without handrails. Any other location on our lot would have such a large rise that it would require a more expensive, and more permanent ramp. A larger ramp would need to be professionally installed and removed each time we need to use it. The larger ramp configuration would require a turn to accomodate the steep rise and would also require handrails for safety.*

Describe how the proposed variance most nearly accomplishes the intent and purpose of the requirements of Chapter 8 of the Chevy Chase Village Code, entitled *Buildings and Building Regulations*:

1) Providing for easy and affordable handicap access and (2) restoring the original front facade of the home are our common goals with Chevy Chase Village and Montgomery County. Documents from HPC and Chevy Chase Historical Society, namely the1927 Sanborn map and a Chevy Chase Village Home Tour Map from 1975, indicate that the original stairs were in a more traditional location on the front porch extending beyond the porch and into the front yard area. A prominant front entry and front stairs are important architectural features of Colonial Revival homes. Moving the stairs as we propose, would be in keeping with this architectural convention. Once constructed, the stairs would be located more than 55 feet from Cedar Parkway. The result would be an appropriate and proportionate traditional Colonial Revival entrance and the restoration of a contributing historic structure to its ntrance and the restoration of a contributing historic structure to its original 1909 design.

Variance Filing Fee	**Checks Payable To:** Chevy Chase Village 5906 Connecticut Ave. Chevy Chase, MD 20815
Per Village Code Sec. 6-2(a)(24): ☑ $300.00 for new construction ☐ $150.00 for replacing existing non-conformities. ☐ $300.00 for fences, walls, play equipment, trees, hedges, shrubbery in the public right-of-way. ☐ Other: $ **Fee Paid:** #300.00	**Date Paid:** **Staff Signature:**
	Approved to Issue Building Permit per Board Decision Signed by the Board Secretary on: **Date:** 10/30/2014 **Signature:** [signature] **Village Manager**

Existing Property Condition Photographs (duplicate as needed)

FRONT FACADE - Original wrap-around porch was enclosed on left side to create new foyer. Side stair entrance was added after 1975. Side entry is not conventional for Colonial Revival Home. Railing, and finials are different style than the rest of the porch. Floor boards on stairs are newer, slabs. Traceries described it as a "pre-fab Home Depot" look.

FRONT FACADE - notice that left bay is differnt than other bays - lattice dimensions and railing are different, plumb, and newer - do not have same amount of paint build-up..

Existing Property Condition Photographs (duplicate as needed)

FRONT FACADE - Side stair and left bay lattice details

FRONT FACADE - Front door and Lattice details. Note: left bay lattice is different than all other lattice panels. Rail in this bay is plumb and newer than other railings. Historical docs indicate ORIGINAL stairs were located here. Physical evidence also seen in flooring and flanking stone column bases.

Existing Property Condition Photographs (duplicate as needed)

FRONT ENTRY - **Existing front entrance side stair with 36" rise** (added after 1975.) Stair railings are beveled - not flat like original porch. Different wood was used for stairs and a different lattice design covers side base. Formal finials do not match original style of porch.

FRONT PORCH - Column (one has been replaced in a different style capital) drop ceiling is not original- was probably added to cover damage. Original ceiling was probably concave according to Traceries, DC.

Existing Property Condition Photographs (duplicate as needed)

Detail: SOUTH SIDE - side entrance with 65" rise

REAR FACADE with 81" rise

Detail:

FRONT PORCH RESTORATION | Kathy & John Campanella | 5910 Cedar Parkway

Laura Trieschman, Senior Architectural Historian
EHT Traceries, Inc.
202/393.1199

Laura visited our home and gave her observations about the original design of the front porch and stairs stating, "*... with regard to style, your house is most definitely Colonial Revival and that was the style when completed. The first phase of alterations (1930's changes to front porch, front entry, and three story rear addition) were also Colonial Revival in style. The front entry is very high style, more classically inspired, and is incorrect for your Colonial Revival-style house.*"

Laura found physical evidence supporting the existence of the original 1909 front stair built off the left bay of the front porch. Her observations and recommendations are summarized below.

1) Front Entrance and Foyer: In the1930's, the wrap around porch was enclosed on left side to create a new entrance and foyer with formal and classically inspired fluting, dental molding, and numerous mutins. The formal fanlight proportions were distorted in order to fit into the existing space.
Propose: Replacing the formal Colonial Revival style door, fanlight, and sidelights with a more appropriate informal Colonial Revival door and lights.

2) Center Porch Column: One column has been replaced with a different style capital.
Propose: Replacing this column to match the original columns.

3) Front Porch Drop Ceiling: The drop ceiling not original and was perhaps installed to hide damage.
Propose: Replacing this ceiling with one that is concave and appropriate for the original porch.

4) Front Porch Side Stairs: The "pre-fabricated" style side stairway was added after 1975 to facilitate life with an automobile. These crude solid wood slab stairs, are unlike the narrow artful wood flooring used on the original porch. The beveled railings and formal finials do not match the architecture of the home.
Propose: Removing these stairs completely and restoring the original side railing.

5) Original Front Porch Stairs: The original front stairs were removed after 1975 and replaced with a section of railing. Historical evidence of these stairs is seen in the Sanborn Map from 1927 and in a 1975 Chevy Chase Village Home Tour map *(see attached images.)* Existing physical evidence is seen in the lower left bay lattice where the original stairs were located. The lattice has newer smaller thinner boards compared to the other three original sections. This same area shows changes in the two stone pillars which would have flanked the original front stairs, and in the white painted replacement railing that is obviously newer and plumb while the other original three sections are made of older materials that have aged considerably and sagged. Some of the left bay floorboards, in the area of the original stairs, were replaced with newer wood that is different from the rest of the front porch.
Propose: Relocating stairs and returning them to their original 1909 location.

Note: *We did a survey of homes within a few blocks of our house. Of the homes with front porches, all feature a main front entrance with stairs extending into the front yard except for 5910 Cedar Parkway. (Please see attached images for examples.)*

SEARCH TIPS

Maximize the number of "hits" for your query by:

Dropping abbreviations like Ave., Dr., St., to street names. For example, "Shepherd" instead of "Shepherd St."

Spelling words out AND then doing a second search using an abbreviation. For example, "BCC" and "Bethesda Chevy Chase" or "Conn" and "Connecticut"

Using variations in spelling if you know them. For example, today's Brookville Rd. once had an "e" in it, Brookeville.

Use alternate names for one location. For example, today's National 4-H Center was once known as Chevy Chase Junior College, Chevy Chase Seminary, Chevy Chase Inn, and Springs Hotel.

Examined

At the request of Archibald Edmonston the following Deed was recorded April 21st A. D. 1910 at 9.00 o'clock A. M. to-wit:-

THIS DEED Made this seventh day of April in the year one thousand nine hundred and ten, by and between George H. Chandlee and Laura G. Chandlee, his wife, of the State of Maryland, parties of the first part,and Archibald Edmonston, of the District of Columbia, party of the second part:

WITNESSETH, That the said parties of the first part, for and in consideration of the sum of TEN (10) DOLLARS , to them paid by the said party of the second part,, and of the covenants and agreements of the said party of the second part as hereinafter set forth , do hereby grant and convey unto the said party of the second part, in fee simple, the following described land and premises, with the improvements, easements and appurtenances thereunto belonging, situate in the County of Montgomery , State of Maryland, namely:-

PART of an undivided tract of land lying west of and immediately adjoining Section Two of the subdivision made by the Chevy Chase Land Company of Montgomery County, Maryland, as per Plat of said subdivision recorded in Liber J.A. No.35 folio 61, and re-recorded in Plat Book #2, page 166, of the Land Records of said Montgomery County, Maryland, described by metes and bounds as follows, viz:-

Beginning for the same at a point on the west line of Cedar Parkway, as said parkway is shown by the plats of sub division aforesaid, at the intersection of said west line of said Parkway with a line drawn due east and west and ten (10) feet north of the south line of Kirke Street, as said street is shown on the aforesaid plats of sub-division, and running thence due west one hundred and seventy-seven and fifty-nine hundredths (177.59) feet to the boundry line between the land of the Chevy Chase Land Company of Montgomery County, Maryland, and the land of the Chevy Chase Club; thence along said boundry line north two degrees, nine minutes (2° 09') west, fifty and four hundredths (50.04) feet; thence due east one hundred and ninety-four and ninety-three hundredths 194.93) feet to the west line of said Cedar Parkway; thence southerly along the said line of said Parkway, sixty-one and ninety-one hundredths (61.91) feet to the place of beginning; containing eleven thousand, one hundred and fifty-six (11,156) square feet of land, more of less.

TO HAVE AND TO HOLD the said land and premises, with the improvements, easements and appurtenances unto and to the use of the said party of the second part, his heirs and

COUNTY CIRCUIT COURT (Land Records) JLB 272, p. 0299, MSA_CE63_170. Date available 10/14/2005. Printed 04/09/2014.

assigns, in fee simple.

IN CONSIDERATION of the execution of this deed, the said party of the second part, for himself and for his heirs and assigns, hereby covenants and agrees with the parties of the first part, their heirs and assigns; such covenants and agreements to run with the land) as follows, viz:-

1. That all houses upon the premises hereby conveyed shall be built and used for residence purposes exclusively, except stables, carriage-houses sheds, or other outbuildings, for use in connection with such residence, and that no trade, business, manufacture or sales, or nuisance of any kind shall be carried on or permitted upon said premises.

2. That no structure of any description shall be erected within twenty-five (25) feet of the front line of said premises; and that no stable, carriage-house, shed, or outbuilding shall be erected except on the rear of said premises.

In case of corner lots any and all lines bordering upon a street, avenue, or parkway shall be considered a front line.

3. That no house shall be erected on said premise at a cost less than Three Thousand (3,000) Dollars.

4. That any house erected on said premises shall be designed for the occupancy of a single family, and no part of any house or of any struture appurtenant thereto shall be erected or maintained within five (5) feet of the side lines of premises hereby conveyed, nor within ten (10) feet of the nearest adjacent house.

AND the said George H. Chandlee hereby covenants to warrant specially the property hereby conveyed, and to execute such further assurance of the said land as may be requisite.

IN TESTIMONY WHEREOF, the said parties of the first part have hereunto set their hands and seals on the day and year first hereinbefore written.

Signed sealed and delivered
in the presence of

May 2016 CCVPD Highlights

I. Crime/Operational

1. Overnight Saturday, May 14 into Sunday, May 15, 2016, a total of seven unlocked cars were entered as follows:

   - 3 were parked on Grafton Street between Kirkside Drive and Wisconsin Avenue;
   - 1 was parked on Grafton Street between Cedar and Kirkside;
   - 1 was parked on W. Melrose Street, and
   - 2 were parked on Primrose Street between Connecticut Avenue and Brookville Road.

   Nothing was stolen from either of the cars on Primrose. Loose change and iPods were stolen from the remaining cars.

2. Daytime theft from an unlocked car: On Monday, May 16, a housekeeper parked her car on Grafton Street between Cedar and Kirkside. When she returned to her car, her purse with cash, a smart phone and coins had been taken.

II. Training/Administrative

1. 3 staff members attended the annual Law Enforcement Torch Run at Lake Needwood (a fund raiser for Maryland Special Olympics) along with representatives from other area police departments.

2. Beverly, one of our daytime dispatchers, had a medical procedure on May 11 and we expect her to return to work in July.

2239	139 Hesketh Street	(1) Sassafras	Hazardous	No
2236	20 West Kirke Street	(1) Beech	Dying; hazardous	Yes
2235	Village Right-of-Way	(1) Silver Maple,	Pepco	N/A
		(1) American Elm,	Pepco	
		(1) White Pine	Pepco	
2234	27 Hesketh Street	(1) Tulip Poplar	Pepco	No
2233	4 Hesketh Street	(1) Ash	Pepco	No
2232	5701 Wisconsin Ave.	(1) White Pine	Pepco	No
2231	136 Grafton Street	(1) White Pine	Pepco	No
2230	9 Hesketh Street	(1) Leland Cypress	Pursuant to 17-3(a)(7)	
		(1) Willow	Dead	Yes
2229	23 Primrose Street	(1) Spruce	Dead	No

* Since commencing recordation of reforestation intentions in November of 2013, 50 of 110 Applicants (45%) indicated that they would voluntarily be reforesting on their property.

Expiring Permit Notices Mailed This Month

None required

Chevy Chase Village
Permitting and Code Enforcement Activity May 2016

Telephone Queries: +/- 125
Walk-Ins: +/- 62
Pre-Design Review Meetings: 6
Municipality Letters (issued to the County for new projects): 11
Administrative Building Permits Issued: 13 Administrative Building Permit; 3 Dumpster
Licenses to Use the Public Right-of-Way: 1
Appeals: Two Decisions from variance requests granted at the May meeting were drafted, circulated, and approved; two variance requests were prepared for the June Board meeting.
Tree Ordinance Board: Two pending.
Enforcement Incidents: Routine code enforcement patrol and site inspections of construction projects were conducted. Additionally:

- One Stop Work Order was issued. The contractor had removed required tree protection fencing and run mechanical grading equipment through the tree protection zone. Staff is working with the Village arborist, contractor and resident to assess the damage, prescribe corrections and develop a revised Tree Protection Plan, at which point the Stop Work Order can be lifted.
- A resident installed a section of new fencing without obtaining the applicable Historic Preservation Commission (HPC) approval or Village Building Permit. Staff contacted the resident and advised them to contact HPC and then provide either an Historic Area Work Permit (HAWP) or confirmation that none was required, along with the applicable CCV Building Permit Application for Fences and Walls;
- Staff observed that alterations were made to an approved Building Permit for patio modifications, including the addition of a gas fireplace which had not been depicted on the plans and which was located within the rear yard setback. Staff contacted the resident, who has applied for a variance to maintain the structure;
- A contractor working at a property made alterations to an existing patio and started to install a drainage system without having obtained the applicable CCV permit. The contractor, who is also the owner of the property, has obtained the required Building Permit;
- Staff observed that a resident had installed a fence without having obtained the applicable CCV permit. The resident had obtained a County Fence Permit, but not the Historic Preservation Commission (HPC) approval. Staff has contacted the resident and advised them to obtain the required Historic Area Work Permit (HAWP) and submit that along with the other required materials to obtain the CCV Building Permit;
- A resident indicated to Staff that a wall at his property required repair however in observing the structure it became evident that the wall was unstable and would need to be removed and rebuilt. Staff advised the resident to contact HPC and the County to obtain the applicable County permits and then to submit the CCV Building Permit application;

Tree Requests: 14 requests were made to the Village arborist for tree inspections pursuant to removals or Tree Protection Plan requests for construction projects.
Administrative Tree Removal Permits: 10 permits were issued for removal of a total of thirteen (13) trees.
Expired Permit Memos Sent: None required this month.
Additional Activity:

- Staff continues coordination of engineering assessments of drainage concerns related to the appeal of the Managers Decision to issue a building permit at 5502 Grove Street.

-compiled by Ellen Sands, Permitting and Code Enforcement Coordinator

Re: Update on Capital and Infrastructure Upgrade Projects

Below please find an update on the various capital and infrastructure upgrade projects currently under construction and in the planning stage:

		Status	Duration/ Remaining	Est. Start Date	Est. Completion Date
Village Initiated					
W. Kirke St. and Laurel Pkwy. Intersection Improvements		Complete	Complete	Complete	Complete
Village Website Redevelopment		Content Update	1 month	Ongoing	July 2016
In-Partnership with M-NCPPC					
Western Grove Park Development		Construction	6-9 months	Ongoing	February 2017
Utility Upgrades					
Laurel Park Sewer Rehabilitation		Pre-Construction	1 month	TBD	TBD
Water Main Replacement (5500 block of Western Avenue)		Design	TBD	Spring 2018 *(construction)*	TBD
Washington Gas Main Replacement – Bradley Lane		Permitting	TBD	TBD	TBD
PEPCO Tree Pruning and Removals		Permitting	2 months	Summer 2016	Summer 2016
State Projects					
Connecticut Avenue Pedestrian Signal		Construction	1 month	Ongoing	June 2016

CHEVY CHASE VILLAGE
ESTABLISHED 1890

Connecticut Avenue Pedestrian Signal:

- Village and State Highway Administration staff are still working with PEPCO to expedite bringing power to the site, so activation of the signal can be made as soon as possible. Power installation should be complete by June 10.
- Once power installation is complete, SHA contractors will be ready to activate the signal within a few days.
- If all goes well the signal should be activated by Monday, June 20.

PEPCO Tree Pruning and Removals:

- No updates since last month's report.

Village Website Redevelopment:

- Design work on the new website is complete.
- Staff is currently working through the new and old websites to update content and ensure that all functionality on the new website is working properly before its' official launch, which is scheduled for the end of June.

Washington Gas Main Replacement:

- No updates since last month's report.

W. Kirke St. and Laurel Pkwy. Intersection Improvements:

- Despite the rain all work was completed on-time.
- Overall the project was completed $9,500 under budget.

Western Grove Park Development:

- Over the next 2 weeks, construction activities will be ramping up at the park as the contractor has received approvals to begin installing the tree preservation and site security fencing, sediment and erosion controls and will begin removing select trees.
- The Western Grove Park Friends Group is continuing its fundraising campaign and has received contributions/pledges of approximately $37,000 to address a shortfall in the construction budget, the Friends Group initial goal is to raise an addition $125,000.

WSSC:

Laurel Park Sewer Rehabilitation:

- No updates since last month's report.

Water/Sewer Main Replacement (5500 block of Western Avenue):

- WSSC and the Village held a joint public information meeting on May 26 with affected residents.
- Unfortunately, only 5 residents attended.
- WSSC is currently in the process of making contact with all residents to request access to private property to begin its survey activities.
- The first phase of work will be to survey the affected properties. Once that is completed, WSSC and their contracted engineering firm will conduct an alignment study to determine if the mains can be relocated out of the rear-yards.

Memo

To: Chevy Chase Village Board of Managers
