Treasurer's Report July-September (3 months of FY 2017)

Overall:

This report is a three month snapshot of FY 2017. The Village receives little revenue in the first three months of the fiscal year with the most prominent being the tax duplication payment that comes from the county in the amount of \$100,524. We have a budgeted deficit of 46,117, and it is still too early to project how we will end up in relation to this number by the end of the year. Our FY 2016 audit is not officially completed yet and the final 2016 audited numbers will be available when it becomes finalized.

Income Tax Revenue:

We will not have any significant income tax information until the end of November.

Property Tax Revenue:

We project this to come in at budget since the Village approved the constant yield for FY 2017.

Safe Speed Net Revenue:

So far this year it is trending about 17% below budget for the first three months. There has some been construction during these three months which has had an impact on safe speed citations.

Miscellaneous Revenue:

As of now it is tracking slightly above budget. We received a tax duplication payment of \$100, 524, which was about \$15,000 above the budgeted amount.

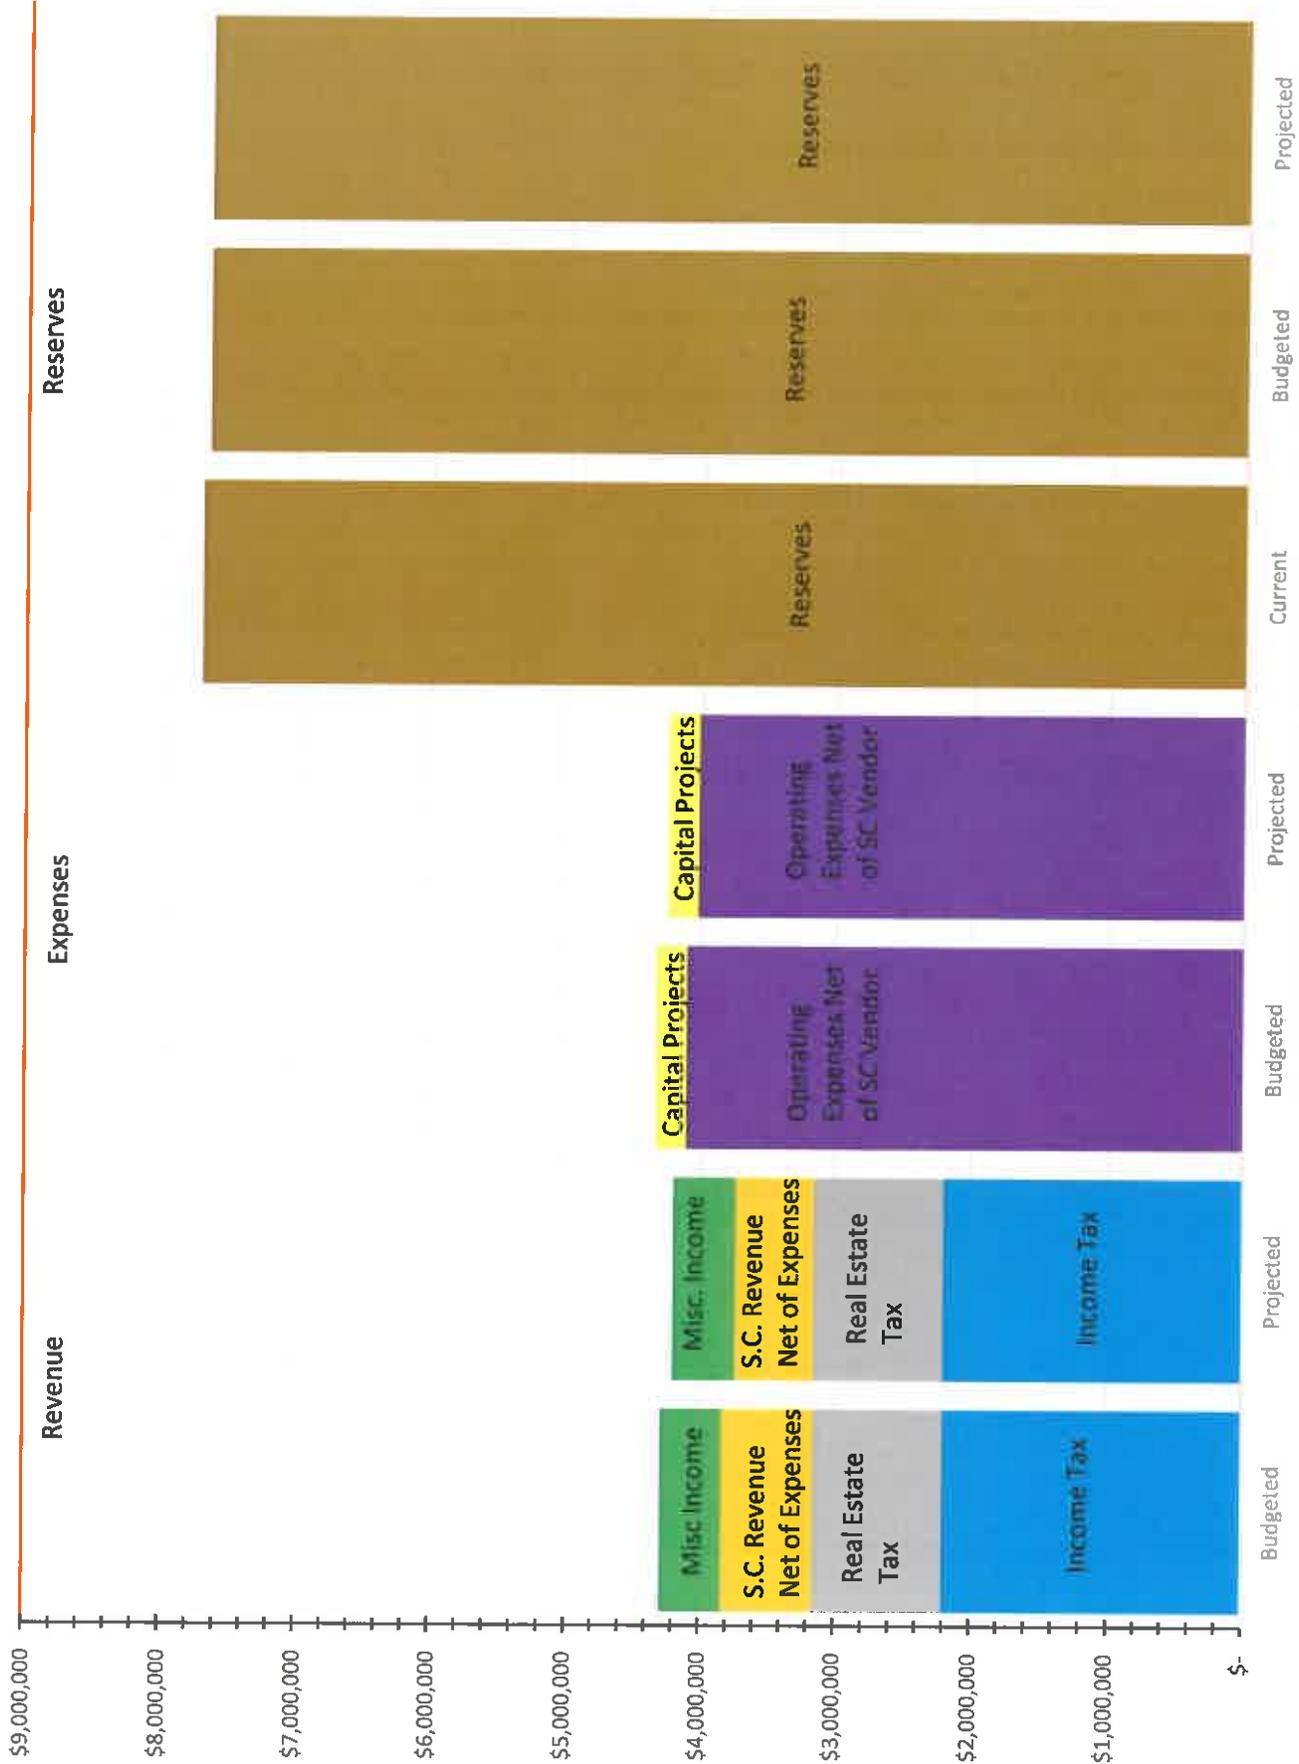

Capital Expense:

Our expenses are projected to be \$227,500 and so far the one project we have begun is street maintenance.

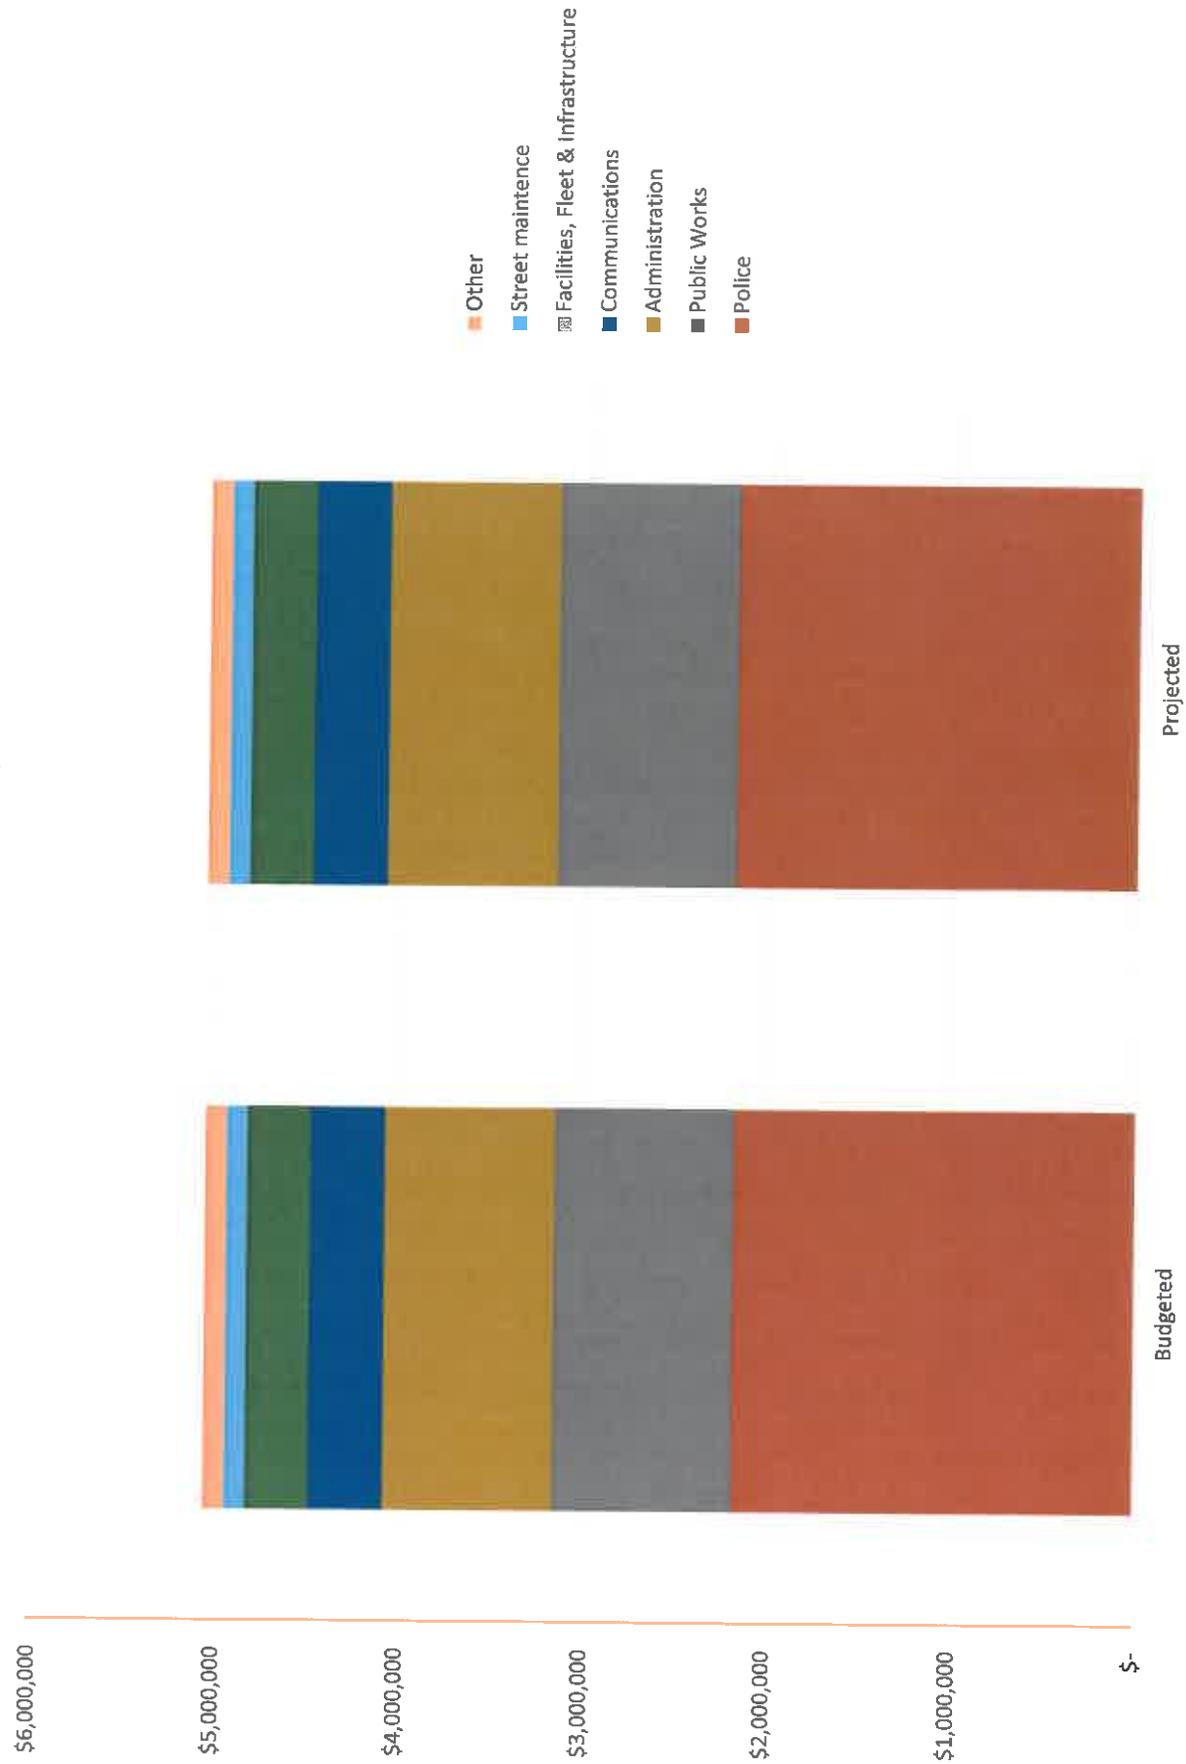

Operating Expense:

We project this will be 2-3%% below budget.

Revenue and Expenses Budget versus Projected

Expenses Budgeted versus Projected

September 2016 CCVPD Highlights

I. Crime/Operational

1. **Two home break-ins:** The two below incidents are the first home break-ins that have occurred so far this year. Village and County police responded, and a County detective is working to identify the culprit(s).
 - On Sunday, 9/18 on Kirkside Drive between Center Street and Oliver Street, homeowners returned from a weekend away and discovered that a rear door had been forcibly kicked in and the home had been ransacked. Several items of jewelry and electronics were taken by the burglar(s).
 - On Monday, 9/19 at 10:52 a.m. on Hesketh Street between Magnolia Parkway and Cedar Parkway Village officers responded to an alarm call. An officer spotted a suspect through a basement window and a moment later, he emerged from a door on the opposite side of the house and ran through the rear yard and jumped over the fence and escaped.

We have been in touch with DC and County police, and the investigation is progressing.

2. **Both cars stolen from the 5800 block of Kirkside Drive have been located in DC:**
Two cars were stolen from the same home on August 12. On September 15, one of the cars was located in the DC public works impound lot; it had been towed for illegal parking in DC. That car has been returned to the owner. On September 21, we learned that the other car had been completely destroyed by an intentionally-set fire; the car was burned on 6th Street, NW and is a total loss.
3. **2 unlocked vehicles entered:**
 - 4000 block of Oliver: a Samsung tablet was taken from a construction truck.
 - Grafton between Cedar and the Circle: a car was rifled through; nothing taken.
4. **Other thefts:**
 - Purse and contents taken from inside All Saints Church; Village officers have a suspect.

II. Administrative/Upcoming

- Xerox will be demonstrating a traffic video camera on 10/6 for possible use at the Wisconsin Avenue end of Grafton and Oliver to reduce the frequency of vehicles illegally exiting. Mr. Ruda and Mr. Crockett, along with Village staff, will be attending the demo.

Chevy Chase Village

Permitting and Code Enforcement Activity September 2016

Telephone Queries: +/- 98

Walk-Ins: +/- 36

Pre-Design Review Meetings: 3

Municipality Letters (issued to the County for new projects): 3

Administrative Building Permits Issued: 9 Administrative Building Permit; 2 Administrative Special Permit; 1 Dumpster; 1 Dumpster Extension; 1 Utility

Licenses to Use the Public Right-of-Way: 1

Appeals: No new applications were prepared for the October meeting agenda. A decision from the September meeting was prepared and circulated to the Board.

Administrative Appeals: Two administrative appeals were completed, for in-kind driveway replacement.

Tree Ordinance Board: One application, for removal of two (2) Japanese Maples, was prepared as a Consent Agenda item for the October meeting.

Enforcement Incidents: Routine code enforcement patrol and site inspections of construction projects were conducted. Additionally:

- Fences were installed at two addresses in the CCV Historic District without the applicable permits having been obtained. Staff has been reaching out to the residents in an effort to rectify the permitting lapse.
- Pursuant to denial of a variance application, staff has been working with Counsel to enforce the Board decision and initiate abatement of a play structure installed in the front yard of a property.
- Staff has been coordinating with a resident and Counsel for installation of a drain pipe under the Nevada Avenue public sidewalk to address storm water runoff at a property.
- Staff has been coordinating with a resident, their landscape architect, neighbors and a consulting engineer to finalize and implement a grading plan at a property to restore the flow of stormwater across the rear yard of a property.
- Staff coordinated with a resident and the Village Arborist to develop and monitor a tree protection plan associated with a waterproofing project.

Tree Requests: 8 requests were made to the Village arborist for tree inspections pursuant to removals or Tree Protection Plan requests for construction projects.

Administrative Tree Removal Permits: 10 permits were issued for removal of a total of eighteen (18) trees.

Expired Permit Memos Sent: 10

Other: Staff attended an evening workshop hosted by the Maryland Association of Historic District Commissions titled "Connecting with Your Community: Community, Education and Outreach". The goal was to increase understanding of the role of historic preservation commissions in communities.

-compiled by Ellen Sands, Permitting and Code Enforcement Coordinator

Memo

To: Board of Managers
From: Michael W. Younes, Director of Municipal Operations *MWY*
CC: Shana Davis-Cook, Village Manager
Date: 10/1/2016
Re: Update on Capital and Infrastructure Upgrade Projects

Below please find an update on the various capital and infrastructure upgrade projects currently underway within the Village:

	Status	Duration/ Remaining	Est. Start Date	Est. Completion Date
<u>In-Partnership with M-NCPPC</u>				
Western Grove Park Development	Construction	5 months	Ongoing	February 2017
<u>Utility Upgrades</u>				
Laurel Park Sewer Rehabilitation	Construction	1 week	Ongoing	October 2016
Water Main Replacement (5500 block of Western Avenue)	Survey/Design	TBD	Spring 2018 (construction)	TBD
Washington Gas Main Replacement – Bradley Lane	Pre-Construction	1 month	November 2016	December 2016
PEPCO Tree Pruning and Removals	Project Hold	2 months	Fall 2016	Winter 2016

PEPCO Tree Pruning and Removals:

- No updates since last month's report.

Washington Gas Main Replacement (Bradley Lane):

- Due to the weather and internal scheduling delays at Washington Gas the project start date has been delayed until November.
- Once a specific start date has been established, written notice will be distributed to affected residents as well as being posted to the Village website and blast e-mails.

- Work to upgrade the main is scheduled last approximately 1 month and will be coordinated to ensure that no road closures or service disruptions occur around the holidays.

Western Grove Park Development:

- No updates since last month's report.

WSSC:

Laurel Park Sewer Rehabilitation:

- Major work to relay the existing sewer line that bisects Laurel Park is complete.
- All that remains to be completed is to seal and line the pipe, which will be completed internal to the pipe.
- No service interruptions or roadway closures are anticipated for the internal work, which will last no more than 2-days when started.

Water/Sewer Main Replacement (5500 block of Western Avenue):

- All survey and utility location activities have been completed.
- WSSC's consultants are now reviewing the data to determine the most feasible location and method of replacement for the water and sewer mains.
- The alignment study is anticipated to be completed by January 2017 at which time WSSC and I will meet to review the findings and potential impacts to the right-of-way and property private.
- Once a proposed alignment is recommended by WSSC, the Village and WSSC will once again meet with affected residents to discuss the findings and the recommended course for replacement.
- Replacement activities still would not take place until the spring of 2018.
