

Crime Activity for the Week of March 4, 2013
1 Theft of a delivered package; No car-related thefts this week

Package taken from a house in the 5800 block of Connecticut Avenue: On March 5 at around 4pm, a package was delivered to a residence. Soon thereafter, the home's occupant noticed a man described as white, short in stature and a "chubby" build standing near their front yard. A short time later, the package was discovered missing.

Village Officers Complete Door-to-Door Crime Prevention Campaign
Every home received a flyer containing crime prevention advice

During the months of January and February, our police officers visited every home in the Village and delivered a crime prevention flyer with a very important message to reduce thefts. Officers reported that they received a warm welcome from residents which made the work enjoyable. The message is simple; we ask that all residents do the following four things:

- Lock your car every time you park.
- Remove all valuables from your car.
- Leave your front porch light on all night long.
- Call the police whenever you see or hear anything suspicious.

Please incorporate the above habits into your daily routine, and together, we will reduce crime in Chevy Chase Village!
