

## Daytime Theft from Unlocked Car

On Tuesday, April 14 at about 2:00 p.m., a Village Public Works employee noticed a discarded purse and contents on the ground in the area of Kirkside Drive and Oliver Street. Village police responded and took custody of the items.

Using some of the information contained on the recovered items, the police were able to make contact with the owners. Investigation revealed that two housekeepers parked their car in the 5700 block of Kirkside Drive, but they left the car unlocked with purses in view. Unfortunately, the purses contained a total of \$600 in cash, and the cash was stolen.
