

## **2 Unlocked Cars Entered on Grafton Street Thursday Night**

*Cars were rummaged through; nothing taken from either car*

Overnight Thursday, October 22-Friday, October 23, two unlocked cars were entered on Grafton Street. Both cars were parked on the street; one in the unit block, and the other in the 100 block between Kirkside and Wisconsin.

The owners discovered the attempted thefts this morning when they entered the cars. Nothing was reported taken from either car.

As always, the Village Police Department urges you to lock your car every time you park. Deny the thieves of such easy opportunities. You will not only be preventing your own victimization, but you will be preventing crime throughout the neighborhood.
