2nd Medication Turn-In Day a Success!

In four hours on Saturday, October 26 from 10a-2p, we received 116 pounds of unwanted medication. Sgt. Dasilva oversaw the collection event, and on Monday, October 28, he delivered the medication to the DEA incinerator for safe and secure destruction.

Remember: We now have a secure 24-hour medication drop box inside the Village Hall. Feel free to drop any unwanted medications into the box 24 hours a day. No liquids, gels or needles, please!
