

Parks and Green Spaces Committee Meeting

4 PM September 23, 2021

Chevy Chase Village Hall

NOTICE: MASKS ARE REQUIRED IN THE VILLAGE HALL

1. Welcome to our new Committee Member, Allison DiGiovanni

What is the legal difference between the designated, Parks and “Green Spaces”?

BUFFER: Current situation with the Buffer problems with run off and erosion. Are any changes planned in the Fall months?

Benches: Discussion of their popularity and their condition. Should they all have stone foot rests?

Azaleas were planted along Oliver Street in the Large Triangle Park this summer (early July?) Some of them perished because of lack of water. How can we solve similar problems?

We will have a walk around the Parks and Green Spaces on the Western side of the Village: weather permitting.

In October we will walk around the Parks and Green Spaces on the Eastern side.
