

## **Treasurer's Report July-December (6 months of FY 2020)**

### **Overall:**

This report is a six-month snapshot of FY 2020. The final year-end report for FY2019 is completed and available on the Village's website. There was a surplus of \$1,589,120 for FY 2019.

We received our first significant income tax distribution for FY 2020 in November, in the amount of \$2,432,794. This projects to approximately \$3,600,000 for the fiscal year, \$1,400,000 over budget. Instead of the budgeted draw on reserves of \$487,402 the Village should finish the year with another surplus.

### **Income Tax Revenue:**

The Village received no income tax revenue in December, which is normal, however, we received \$2,432,794.47 in income tax revenue in November. This consisted of our quarterly payment of \$569,250 and our one time reconciliation of \$1,863,544.47. This projects to be 64% above our budgeted amount. The main reason for this is that our jurisdiction had a number of taxpayers who maintained their increased revenue from the previous year.

### **Property Tax Revenue:**

We received \$127,211 in Real Estate tax for December, of which \$105,740 was our corporate property taxes. The Village adopted the constant yield rate for fiscal year 2020 so we should come in right around budget for the year.

### ***SafeSpeed* Net Revenue:**

The *SafeSpeed* revenue for December was \$60,388. That puts us 15% below budget for the fiscal year.

### **Miscellaneous Revenue:**

As of now, we are approximately at budget.

### **Capital Expenses:**

Our expenses are budgeted to be \$291,500 with the two major expenses being the storm water management project and the purchase of two new police cruisers.

### **Operating Expense:**

We are currently projected to be about 6-7% below budget.
