Travel Emergencies and Your Health, Safety and Security***

***Speaker: Joyce Johnson, DO
Physician and Rear Admiral (USPHS, ret)***

Dr. Joyce Johnson will present a lively and entertaining presentation on traveler's health and safety - interactive and complete with prizes for everyone!

The presentation will be based on the award-winning book she co-authored, *Lizard Bites and Street Riots, Travel Emergencies and your Health, Safety and Security*. Dr. Johnson's practical discussion will address the basics of:

- Staying healthy both close to home and while traveling
(Did you know a rabid fox was recently captured near the Village?)
- Travel insurance
(Did you know most travel insurance doesn't include evacuation?
Also, that Medicare doesn't cover medical expenses outside the US?)
- Safety and security - street riots to hurricanes
(And how to survive "survival training" in Antarctica!)

Rear Admiral Joyce Johnson, DO, USPHS (ret) is a physician with a breadth of global public health experience on all seven continents. She has particular interests in third world and Polar Regions, and public health and disaster relief.
