

Sustainable Living – What You Can Do Chevy Chase Village Environment and Energy Committee

The Power of 1! Each one of us can take responsibility for greening our lifestyles at work and at home. By changing what we consume and how we deal with the waste we generate we can help make Chevy Chase Village a **Green Community**.

Here's What You Can Do:

- What you can do < <http://www.epa.gov/climatechange/wycd/index.html> >
- What you can do : At Home < <http://www.epa.gov/climatechange/wycd/home.html> >
- What you can do: At the Office < <http://www.epa.gov/climatechange/wycd/office.html> >
- What you can do: On the Road < <http://www.epa.gov/climatechange/wycd/road.html> >
- What you can do: At School < <http://www.epa.gov/climatechange/wycd/school.html> >
- Pepco Quick Home Energy Check-up Program < <http://homeenergysavings.pepco.com/quick-home-energy-check-up-program> >

Track Electricity Use and Go for Greener Options:

- EPA's Household Carbon Footprint Calculator < <http://www.epa.gov/climatechange/ghgemissions/ind-calculator.html> >
- EPA's Power Profile Tool < http://oaspub.epa.gov/powpro/ept_pack.charts >
- Groundswell < http://groundswell.org/about_us/ >

Reduce Waste:

- EPA's Climate Change and the Lifecycle of Your Stuff < <http://epa.gov/climatechange/climate-change-waste/life-cycle-diagram.html> >
- Zero Waste Home (Reduce, Reuse, Recycle, and Refuse) (Bea Johnson)
- Reduce, Reuse, Recycle < <http://www2.epa.gov/recycle> >
- Reducing Food Waste Basics < <http://www2.epa.gov/recycle/reducing-wasted-food-basics> >

Strengthen Communities:
